On-board PowerLiFe
battery upgrade available

PRODUCT DETAILS
OmniCart Solo

The OmniCart Solo is a slim medical trolley that has been designed to aid in bringing technology to the bedside, and assist with any EPMA implementation. The trolley features a fixed height worktop with the option to upgrade to an on-board PowerLiFe battery that can power a PC and screen.

The trolley can be customised to suit your workflow with accessories that allow the attachment of equipment such as sharps bins, barcode scanners, printers and gel bottle holders. With its steel construction and high-quality parts, this mobile dispensary cart is designed and built to securely house and transport medication in hospital environments.

- **Improve staff efficiency**
  Closes the drug administration loop, improving staff efficiency and workflow, while bringing an EPMA system of choice to the bedside.

- **Secure your medication**
  Lockable cabinet, ensuring the safety of medication in busy hospital environments.

- **Easily cleanable**
  Infection control friendly design, with anti-bacterial and cleanable surfaces, preventing accumulation of dirt and germs.

- **Adaptable to your needs**
  Able to accommodate and integrate a wide range of laptops, monitors and all-in-one medical grade computers.

- **Easy transportation**
  Ergonomically designed with a small footprint and built in handles for easy manoeuvrability.

- **Built to last**
  Manufactured with a steel construction and durable compact laminate work surface.

*EPMA - Electronic Prescribing and Medicines Administration
