

PRODUCT DETAILS

MediCab

Height Adjustable

The MediCab has been designed to facilitate the use of technology within hospital environments and can be used for a variety of healthcare applications. Featuring an electrically height adjustable cabinet, the MediCab offers the best balance of functionality, storage space, manoeuvrability and accessibility.

MediCab features a medium sized storage cabinet with substantial drawer space for medication, medical supplies, blood sample collection and other hospital equipment.

Smooth castors and built in handles ensure easy transportation, whilst its robust steel design and lockable storage space result in a secure and durable solution for any hospital workspace. The medical cart also features a groove underneath the edge of the worktop, allowing for the interchangeable addition of accessories such as disposable sharps bin mounts, gel bottle holders, barcode scanners & printers and more (see next page).

- **Accommodates all users**

Electrically height adjustable cabinet with flexible tray configurations.

- **Secure your medication**

Lockable cabinet, ensuring the safety of medication in busy hospital environments.

- **Easily cleanable**

Infection control friendly design, with anti-bacterial and cleanable surfaces, preventing accumulation of dirt and germs.

- **Adaptable to your needs**

Able to accommodate and integrate a wide range of laptops, monitors and all-in-one medical grade computers.

- **Easy transportation**

Ergonomically designed with a small footprint and built in handles for easy manoeuvrability.

- **Built to last**

Manufactured with a steel construction and durable compact laminate work surface.
