

Electrically height adjustable to suit all users

IEC 60601-1
certified
power system

MediCab Range

The MediCab has been designed to facilitate the use of technology within hospital environments and can be used for a variety of healthcare applications. Featuring an electrically height adjustable cabinet, the MediCab offers the best balance of functionality, storage space, manoeuvrability and accessibility.

Smooth castors and built in handles ensure easy transportation, whilst its robust steel design and lockable storage space result in a secure and durable solution for any hospital workspace. The medical cart also features a groove underneath the edge of the worktop, allowing for the interchangeable addition of accessories such as disposable sharps bin mounts, gel bottle holders, barcode scanners & printers and more.

- **Accommodates all users**

Electrically height adjustable cabinet with flexible tray configurations.

- **Secure your medication**

Lockable cabinet, ensuring the safety of medication in busy hospital environments.

- **Easily cleanable**

Infection control friendly design, with anti-bacterial and cleanable surfaces, preventing accumulation of dirt and germs.

- **Adaptable to your needs**

Able to accommodate and integrate a wide range of laptops, monitors and all-in-one medical grade computers.

- **Easy transportation**

Ergonomically designed with a small footprint and built in handles for easy manoeuvrability.

- **Built to last**

Manufactured with a steel construction and durable compact laminate work surface.

Safe and reliable battery power

Battery powered options for micro form factor PCs.

Designed as a fully mobile solution, we utilise the latest battery technology enabling you to monitor battery health and the number of charge cycles to ensure a long service life.

Our carts are designed and manufactured with patient safety as a top priority, with the power system certified to IEC 60601-1 standards, a widely recognised benchmark for the safety of electronic devices in medical environments.

Securely store your medication

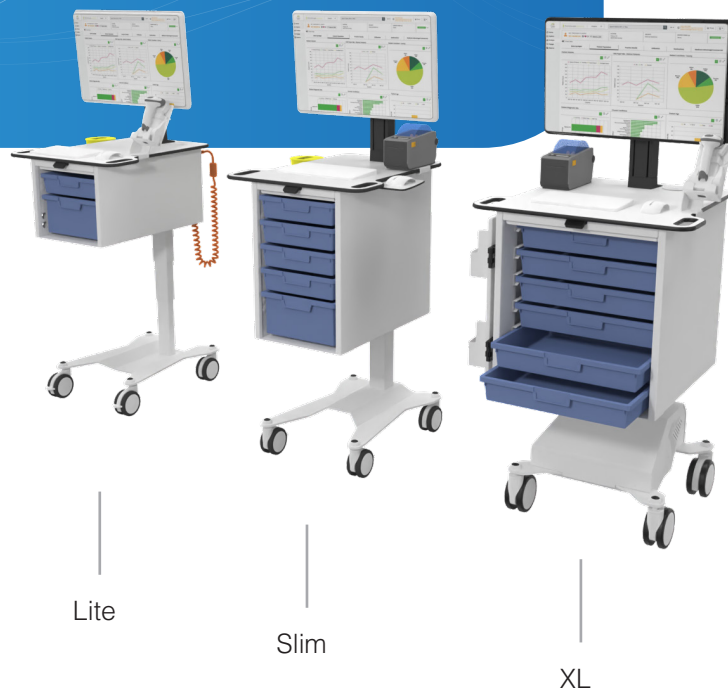

The MediCab range includes four safe, durable drug carts designed for clinical environments.

Built with NHS HBN 14-02 guidance in mind, each cart incorporates the key features required for BS 2881 Security Level 1, including a steel cabinet, wall-tethering hasp and a choice of lock options.

Features

- Electrically height adjustable cabinet
