MediStation

EPMA Drugs Trolley

Classic approach for modern nursing workflows

Designed from the ground up in collaboration with NHS Nursing departments, the MediStation offers a unique approach to modern nursing.

By utilising the tried and trusted drugs trolley footprint that is standard across the industry, but with the necessary modernisations to integrate IT systems such as EPMA and EPR, this solution is the perfect balance between tradition and innovation.

Secure your medication

Fully enclosed & secure drawer space medication, manufactured to **BS 2881: 1989 (Security Level One)** standards.

Safe and reliable battery power

Battery powered options for micro form factor PCs.

Designed as a fully mobile solution, we utilise the latest battery technology enabling you to monitor battery health and the number of charge cycles to ensure a long service life.

Our carts are designed and manufactured with patient safety as a top priority, with the power system certified to IEC 60601-1 standards, a widely recognised benchmark for the safety of electronic devices in medical environments.

Maximise storage possibilities

The MediStation provides a waist height storage area for upright bottle medication, a tiered storage system for box medication, a separate lockable drawer area for drugs and an additional storage area for non-medication accessories (such as gloves, waste bags and miscellaneous items).

Features

- Integrated on-board battery (486Wh)
