

Electrically height adjustable to suit all users

IEC 60601-1
certified
power system

OmniCart Range

OmniCart is a range of medical trolleys that has been designed to aid in bringing technology to the bedside, and assist with any EPMA implementation. The trolley features a fixed height worktop with the option to upgrade to an on-board PowerLiFe battery that can power a PC and screen.

The trolley can be customised to suit your workflow with accessories that allow the attachment of equipment such as sharps bins, barcode scanners, printers and gel bottle holders. With its steel construction and high-quality parts, this mobile dispensary cart is designed and built to securely house and transport medication in hospital environments.

- **Improve staff efficiency**

Closes the drug administration loop, improving staff efficiency and workflow, while bringing an EPMA system of choice to the bedside.

- **Secure your medication**

Lockable cabinet, ensuring the safety of medication in busy hospital environments.

- **Easily cleanable**

Infection control friendly design, with anti-bacterial and cleanable surfaces, preventing accumulation of dirt and germs.

- **Adaptable to your needs**

Able to accommodate and integrate a wide range of laptops, monitors and all-in-one medical grade computers.

- **Easy transportation**

Ergonomically designed with a small footprint and built in handles for easy manoeuvrability.

- **Built to last**

Manufactured with a steel construction and durable compact laminate work surface.

Safe and reliable battery power

Battery powered options for micro form factor PCs.

Designed as a fully mobile solution, we utilise the latest battery technology enabling you to monitor battery health and the number of charge cycles to ensure a long service life.

Our carts are designed and manufactured with patient safety as a top priority, with the power system certified to IEC 60601-1 standards, a widely recognised benchmark for the safety of electronic devices in medical environments.

Securely store your medication

OmniCart is a range features safe, durable drug carts designed for clinical environments.

Built with NHS HBN 14-02 guidance in mind, each cart incorporates the key features required for BS 2881 Security Level 1, including a steel cabinet, wall-tethering hasp and a choice of lock options.

Features

- Antibacterial powder coat finish
- Choose from a range of single and double height tray configurations
- Durable, chemical resistant, and antibacterial compact laminate worktop
